

Finding the right cute name for your girlfriend

If you are looking for a cute name for your girlfriend, you will be surprised that it is not that difficult. When you give her a cute name it only shows that you are now willing to share a special bonding with her. By giving her a cute name, not only are you showing your love for her but you are also shouting to the world that she is yours. At the same time, with names for each other, you have reached a point where you have created this exclusive and wonderful little world together. So if you think about it, it is really not that hard to choose a cute name for your girlfriend. You can take your pick from the many different categories out there. What you must do really is just make sure that you choose the best one that would describe her and will show how much you really adore her.

First among the category is of course the childhood theme name, like teddy bear. This is a good place to start since childhood particularly inspires fun and innocence. You can find a very cute name from cartoon characters you used to watch, toys and other fun stuff from childhood. Then there is your memorable times category. This is particularly easy because all you have to do is to remember a wonderful time you shared together as inspiration. For instance, you can choose to call her bumble bee if you went to the park and she kept looking and touching the flowers. The most commonly used one and another good source of inspiration is food.

You can choose from sweets, like cupcake, or you can choose from fruits, such as strawberry. Your girlfriend will love that you see her as sweet and cute as those sweets and fruits. Do not call her anything associated with heavy meals, like pork chop. She will definitely not see that as cute and will probably think that you see her as fat. Another category you can take your pick from is cute animal, like kitty cat. Again, make sure to be sensitive with your choice. She will more likely be offended if you call her a gerbil or anything from the rat family even though you may find the animal cute.

When you have finally chosen the right cute name for your girlfriend, you might also want to add something like, my little or silly, before the name to make it sound more endearing. As your relationship progresses, you will realize that the cute name will always come in handy when you want to simply apologize or to make her feel more special.
